

Solder Connectors

Solder & Flux Preloaded in Barrel

- Made of cast copper alloy, tin plated for added conductivity and to resist corrosion
- Superior reliability for years of dependable service
- Up to 70% stronger than crimp method
- More consistent quality than any other solder method including traditional wire solder & solder slug
- Especially good in presence of destructive vibration or corrosive chemicals
- Faster, less confusing & less costly than multi-component solder slug programs
- See SBF™ Fusion™ connectors for more options
- Fasteners included
- Kits and Assortments are available

FUSION® flags are ideally suited for building or repairing cable harnesses

- Truly solderable flags are a FUSION® exclusive, no other solder connector program offers flags or has this capability
- Unlike traditional solder flags, FUSION® barrels are unslotted, so no wire is exposed. Seal barrels with heat shrink tubing for maximum durability
