

Smart Green® Rust Preventing Lubricant

Heavy Duty Rust Prevention and Anti-corrosion Lubricant!

Shield It® does what the name implies! It shields surfaces from rust even under tough climate conditions! A dry film lubricant, Shield It evaporates to leave a long lasting film that withstands weathering and corrosive agents.

Shield It is a dry lube that has been formulated for superior lubricity with anti-corrosive residues. Safe on wood, glass, vinyl, plastics not under stress, leather, rubber, metal, paper, open gears, bearings, conveyors, windows, garage doors, tools or paint. Use Shield It to lubricate joints that swivel, hinges, chains - the list goes on and on.

- High Particulate Environments - Removes water and dust from screw heads! Great for areas around electrical parts due to rapid evaporation!
- High Degree of Rust Prevention - Any heavy climatic environment can rust valuable tools, tractors and other metal assets! When you need a long-lasting, low-residue solution, for protection, turn to Shield It!

Item Number	BET-0003
Container Size	7 fl oz.
Cans Per Box	12
Product Appearance	Amber
Odor	Slight
Solvent System	Ester/Mineral Spirit Blend
Propellant	Nitrogen/Carbon Blend
Spray Pattern	Mist
VOC%	Less than 50%
VOC Compliant for CA & OTC	Yes
Biodegradability	Greater than 90%

 **Green solvents made from soy**

 **Nitrogen/carbon as a fill in our cans, it is the most inert gas and beneficial to the environment**

 **Recyclable and biodegradable packaging, printed with soy ink**

 **Aluminum can reduces shipping costs, lowers CO²**

Low VOC'S  No Carcinogens  90% BIODEGRADABLE

Smart Green™ Soy Lubricant

Applications

<i>Application</i>	<i>Usage</i>
Hand Tools & Machinery	Protect from Rust and Moisture Damage
Production Line Maintenance	Use on Conveyors, Packaging Equipment, Moving Parts, Textile Equipment, Saw Blades and Slides
Marine	Prevent Rust & Corrosion on Tools in Wet Environments
Military	Gun Cleaner and Protectant
