Absorbent Pads & Rolls

Oil Eater® NATURALS is a new line of eco-friendly absorbent pads, rolls, and spill kits made using natural plant by-products. Designed to provide a safer workplace, these products help users to meet OSHA, EPA & DOT requirements in an environmentally conscious way.

Oil Eater® NATURALS are:

- Typically 50% MORE ABSORBENT than their polypropylene counterparts
- Environmentally-Friendly
- Renewable
- Better Performing

Available Products Include:

- BONDED or LAMINATED Pads & Rolls with Oil Only & Universal Absorbency in Heavy, Medium & Light Weights
- NATURALS Spill Kits
- NATURALS Drip Pan

NATURALS are derived mostly from renewable plant resources

Oil Eater® NATURALS are the easy choice for your absorbent needs!

- Lower Carbon Load than poly-based products
- Won't burn while laying flat
