

Unmatched Piping Products for Every Industry

When You Specify Quality... Specify Anvil First!

Anvil's ability to connect pipe to pipe and people to people is what sets us apart in the industry. Our complete and focused product solutions are unmatched. With more than 150 years of experience, our responsive and accessible customer support services are what make the difference between simply delivering products—and delivering solutions to our customers.

Anvil provides piping products for HVAC, Plumbing and Mechanical, Fire Protection, Oil Field and Gas, and Mining. We also offer complete product lines for Power Plant, Military, Marine, Offshore, Process and Industrial Piping, and Water Treatment.

In addition to quality products and customer support, Anvil provides expert Design Services —helping you maximize the efficiency of your pipe support system.

A concern for the environment is part of Anvil's mission, and we are proud to be a member of the U.S. Green Building Council.

Anvil can help you achieve points towards Green LEED certification. Find out more by contacting a regional service center below.

Anvil — Making Lasting Connections Every Day.

HVAC, Plumbing, and Mechanical

From our Advanced Copper Systems and Gruvlok® grooved couplings, fittings, flanges, and lubricants to nipples, valves, pipe hangers, supports and strut, Anvil provides easy installation and rugged, consistent, and reliable performance.

Fire Protection

AnvilStar™ —Anvil's dedicated Fire Products Division— offers an extensive range of products that are UL/ULC listed and FM approved. **We're the only manufacturer that offers 2½" Sock-It® fittings.**

Oil Field & Gas

From Gruvlok® valves, couplings and fittings, to forged steel fittings and steel pipe nipples, to IPC Coatings, Catawissa hammer unions and JB Smith swages and bull plugs, Anvil's vast product line for the oil field industry is unparalleled.

Mining

Anvil products are designed to stand up to the demanding environments of mining applications. Get air and water moving with less cost and effort with our Gruvlok® grooved couplings, fittings, and valves as well as pipe hangers, supports, and strut.

BUILDING CONNECTIONS THAT LAST
