

PEERLESS  **AGCO**[®]

Your Complete Chain & Accessory Source

General Duty & Industrial

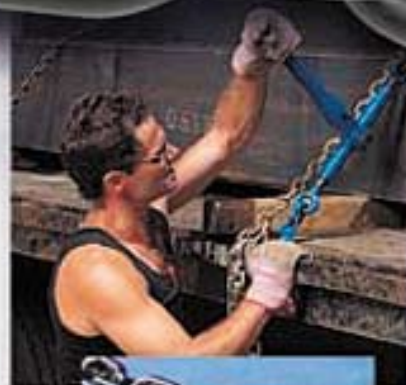

The applications for our general duty and industrial chain products are endless with some of the few being farm and home, trucking, logging and construction.

Overhead Lifting

Our Grade 80 Chain is available in sizes through 1-1/4" and our Grade 100 Chain is available in sizes through 5/8" for a wide variety of overhead lifting applications. We offer a large variety of fittings to accommodate both grades of chain as well.

Custom Lifting Solutions

Our Jeanette facility manufactures custom lifting products to your specifications with the highest standards, providing services in engineering, blacksmithing, heat-treating, welding and proof testing.
